SITE METRICS

Location: 2 miles from Statesboro
3.5 miles from Statesboro
Institution Type: 4 year state college
Campus Size: 385.61 acres
Overall Student Population: 3,000

ISSUES + DESIGN INTENT

Problems:
1. Lack of campus icon and connectivity
2. Lack of student gathering space
3. Lack of shade and heat island effect

Solutions:
1. Create a main campus entrance and focal point by providing clear paths along a radiating axis
2. Make a series of gathering spaces that extend down the main quad for students and events
3. Provide ample tree cover throughout the campus and water features in key nodes in order to reduce heat
EAST GEORGIA STATE COLLEGE
MAIN CAMPUS QUAD

LEGEND
Existing Buildings
1. JAM Activities Center
2. JAM Future Expansion
3. Academic Building
4. George L. Smith Building
5. Campus Police
6. Proposed Design Elements
   A. Paw Fountain
   B. Perennial Beds
   C. Understory Shrubs
   D. Existing Trees
   E. Picnic Tables
   F. Amphitheater
   G. Seating
